P11 Information

Bunnings has a wide range of mowers in stock, but did you know with the introduction of our Special Orders Ride on mowers programme you can now choose from an EVEN BIGGER range – in fact many times the amount currently available in store.

As well as those available in this brochure, we can order almost any product for you, as long as it's made by a company that we do business with.

Valid until the end of December 2013.

Ordering is as simple as 1, 2, 3!

1 Make your choice

2 Make your purchase

3 Receive your goods

Manual

Manual transmission ride on mowers offer the convenient controls and smooth operation that allows the operator to maintain a consistent speed. The gear transmission is similar to manual transmission on cars. The transmissions are controlled by a lever, and a clutch pedal must be depressed before shifting.

They offer reliable and efficient mowing without the need to compromise on quality, safety or performance.

ST125/38

- Suitable for small to medium sized domestic properties.
- Accessible – step through design.
- Easy to clean and service.
- Compact – fits through most gates and takes up minimal space.
- Durable Marbane Blades – harder wearing and lighter than normal blade steel.

Specifications	ST 125/38
Engine Capacity	12.5HP
Engine Manufacturer	Briggs & Stratton
Deck Dimension	38" / 97cm
Transmission Type	5 Speed Manual
Transmission Operation	Pedal Operation
Cutting Method	Side Discharge

M14538

- Suitable for larger areas and lifestyle blocks.
- Spring Assisted Deck – effortlessly adjust cutting height to your preferred setting.
- Pivoting Front Axle – provides excellent balance and stability for a smoother ride.
- Reverse Operating System™ (ROS) improves safety when driving in reverse, while the switch under the seat automatically stops the engine and cutting deck if you leave your seat.

Specifications	M14538
Engine Capacity	14.5HP
Engine Manufacturer	Briggs & Stratton
Deck Dimension	38" / 97cm
Transmission Type	6 Speed Manual
Transmission Operation	Hand Operated
Cutting Method	Side Discharge

M19542

- Suitable for larger lifestyle blocks.
- Pivoting Front Axle – provides excellent balance and stability for a smoother ride.
- Anti-scalp Wheels – reduce the risk of scalping when cutting uneven lawns.
- Reverse Operating System™ (ROS) improves safety when driving in reverse, while the switch under the seat automatically stops the engine and cutting deck if you leave your seat.
- Water Hose Connection – a universal hose connector allows you to wash the cutting deck easily. Attach the hose, turn on the water and start the engine.

Specifications	M19542
Engine Capacity	19.5HP
Engine Manufacturer	Briggs & Stratton
Deck Dimension	42" / 107cm
Transmission Type	6 Speed Manual
Transmission Operation	Hand Operated
Cutting Method	Side Discharge

Hydrostatic

Hydrostatic transmission mowers provide you with optimum speed and driving comfort. The speed and direction are controlled with an easy to reach foot pedal and lever.

Hydrostatic transmissions offer the most flexibility in speed control. The transmission consists of a hydraulic pump, driven by the engine, supplying oil under pressure to a hydraulic motor that drives the wheels. These mowers can be controlled by a hand lever or by one or two foot pedals and make turning and maneuvering a mower much easier.

McCULLOCH
THE POWER TO GET IT DONE

BRIGGS & STRATTON

M17538H

- Suitable for larger areas and lifestyle blocks.
- Air Induction Cutting Deck – a powerful air stream raises the grass straws before they are cut. This ensures perfect cutting and distribution of both grass and leaves.
- Reverse Operating System™ (ROS) improves safety when driving in reverse, while the switch under the seat automatically stops the engine and cutting deck if you leave your seat.
- Steel Chassis – the robust chassis is made of steel, ensuring maximum durability and sturdiness.
- Easy Access Cutting Height Lever.

Specifications	M17538H
Engine Capacity	17.5HP
Engine Manufacturer	Briggs & Stratton
Deck Dimension	38" / 97cm
Transmission Type	Hydrostatic
Transmission Operation	Pedal Operation

Engine Capacity	17.5HP
Engine Manufacturer	Briggs & Stratton
Deck Dimension	38" / 97cm
Transmission Type	Hydrostatic
Transmission Operation	Hand Operation
Cutting Method	Rear Collector

Zero Turn

With a full 360 degree turning circle, Zero Turn ride on mowers make cutting around the base of trees and other solid obstacles easy. Their tight turning circle makes mowing cleaner, with little grass over-spray on the mower or operator.

The individual hydraulic wheel-drive allows the mower to rotate on its own axis for high maneuverability allowing easier access to smaller and tighter areas and leaving no uncut grass.

Anti-scalp wheels

ZM3016

- Suitable for small to medium sized lifestyle blocks.
- High Manoeuvrability – individual hydraulic wheel drive allows the mower to rotate on its own axis, leaving no uncut circles.
- Maintenance-free Transmission – worry free performance with maintenance free, integrated zero turn transmission.
- Air Induction Cutting Deck – a powerful air stream raises the grass straws before they are cut out. This ensures perfect cutting and distribution of both grass and leaves.
- Anti-scalp Wheels – reduce the risk of scalping when cutting uneven lawns.

Specifications	ZM3016
Engine Capacity	16.5HP
Engine Manufacturer	Briggs & Stratton

Information

Availability

Whilst we make every effort to maintain our supply, we cannot guarantee availability. Please check in store for the latest information. Delivery will usually be made within 7-14 working days. Whilst we make every effort to maintain our service levels, in exceptional circumstances our delivery lead times may be extended. You will be advised of any changes to the published timings at the time of placing your order.

Price guarantee

If you happen to find a cheaper price on the same stocked item, we will not only match it, but beat it by 15%*.

*Excludes trade quotations, stock liquidations and commercial quantities. Shelf prices may be lower than advertised to ensure the lowest prices every day.

Payment

For purchases under $500 and all custom-made products, payment is required in full when you place your order. For purchases over $500, a deposit of $500 is required when you place your order. Full payment for all purchases must be made before the order is delivered. You can choose to pay the balance of your order either in store or by phone with your local Bunnings.

Delivery Charges

Although most Special Order products shown in this brochure are delivered free to the store, some may incur a delivery fee. Home delivery can be arranged with the store at an additional cost. Please consult the Special Orders team for more details.

Refunds, exchanges and returns

If your goods are incorrect or damaged on delivery we will exchange the product or issue a full refund. If you are unhappy for any other reason with your order, or change your mind, and notify us within 7 working days of delivery with your original receipt we will exchange or refund any unused items*. You may incur a 20% restocking fee for items that are not faulty or damaged.

Please ensure that these goods are returned to us, as sold, with the original sales receipt. Custom Made products cannot be returned.

*Excludes installations and products made to measure.

All dimensions are approximate. All specifications correct at the time of going to print. Please note that the photographic and printing process may distort some colours. All items are available at time of going to print. Not all services and products featured are available in all stores, but may be ordered. See in store for product availability. Shelf prices may be lower than advertised to ensure lowest prices every day. We reserve the right to restrict the purchase of commercial quantities.
Bunnings Group Ltd. Valid until the end of December 2013.
